

**Please rate how supportive you would be of a Monday through Thursday 9 hours and Friday 4 hours schedule?**

**Supportive**

**1.** The ability to conduct my city business before and or after work would be a great asset for my busy life. **2.** Conservation of resources **3.** Great Idea!!

**Neutral**

**1.** First of all, let me thank the city for providing an opportunity for citizens to comment on this issue. I would caution against a Monday thru Thursday pilot program, just in regards to the lack of productivity of city workers. Studies have proven that productivity goes down after 8 hours; I appreciate the City of Flagstaff for the services it has to offer now, not at a reduced level of service. **2.** I am not necessarily supportive of this change because I worry it will have a negative impact on the City's customers. Its one thing if all businesses in our community operate on this schedule, but that won't be the case. I think it's possible this change would have a negative impact, in particular, for customers of Community Development. I am not opposed to a pilot program if afterwards you carefully assess whether it's really working. However, I'm not sure simple surveys with "YES" or "NO" answers really enable you to understand people's concerns. Sometimes it requires into a more thoughtful analysis of the pros and cons. Thanks for considering my comments. **3.** For it to be a productive change, the employees would need to be in agreement with this hour change because it affects them the most.

**Not Supportive**

**1.** In my business, my customers use Friday as a day of business for their advantage. **2.** I work with aot of contractors who need permits on friday.**3.** People get paid on Fridays and pay their utility bills on payday. In tough economic times, the utility bill is a low priority so people may wait later to pay this bill. Not being able to walk in on Friday could cause people to have their utilities shut. **4.** We work 5 days a week. **5.** I usually run errands on Fridays because my Son gets out of school early every Friday and it is convenient for me to get everything done after I pick him up. **6.** I feel that more customer service would be lost through the Friday closures than would be gained through the extended hours M-Th. The business world should have access to COF on Fridays.

**Please rate how supportive you would be of a Monday through Thursday - 9 hours, and Friday - 4 hours schedule.**

**Supportive**

**1.** Friday is still an option for business **2.** I would be more open to this idea rather than the alternative offered. The city has more likelihood to achieve more with time available for citizens to benefit from city services on a Friday. **3.** This would allow access to the city staff members on Friday without requiring their attendance all day. Friday afternoons are typically pretty light, business-wise, and the partially extended hours on other days could be beneficial.

**Neutral**

**1.** Again, the employees would need to be in agreement.

**Not Supportive**

**1.** The ability to conduct my business either before OR after my work day depending on how my schedule permits would not be supported by these types of hours. **2.** We work 5 days a week.**3.** Would not conserve resources **4.** I'm not sure this accomplishes anything. **5.** Awful Idea!!!
